<p>Target Group</p>	<p>This program is offered to senior high school students (commencing in Year 10 or Year 11) wanting to:</p> <ul style="list-style-type: none"> ● seek skills and an entry-level qualification for the Tourism and Travel industry; and ● use the qualification as an articulation into a higher certification (e.g. Certificate III in Tourism or Certificate III in Business). <p><u>QLD SCHOOLS</u></p> <p>Upon successful completion of the Short Course, these 3 Units of Competency will be reported as partial completion of SIT20122 Certificate II in Tourism. Students are certified with a maximum 1 Queensland Certificate of Education (QCE) credits.</p>
<p>Entry Requirements</p>	<p>There are no formal training package entry requirements for this qualification, however a Language, Literacy & Numeracy (LLN) Screening process is undertaken at the time of initial enrolment to ensure students have the capacity to effectively engage with the content.</p> <p>Students require AQF level 2 written and spoken English and numeracy skills to be able to meet the Foundation Skill requirements within the units of the Certificate III qualification.</p> <p>This program is delivered as a ‘Fee for Service’ offering only as per the Binnacle-School invoicing arrangement.</p> <p>Students must have access to all physical resources (either individually or through resources supplied by the school) as outlined in the section ‘Physical Resource Requirements’ below.</p>
<p>Learning and Assessment Arrangements</p>	<p><u>DURATION</u></p> <p>The program content has been packaged into <u>1 term</u> [based on delivery across one line on the timetable (minimum 3 lessons per week, i.e. 210 minutes per week) over 10 weeks].</p> <p>A blended-delivery model will be used whereby students will have access to:</p> <ul style="list-style-type: none"> ● Trainer-led classroom delivery of content. ● Online modules that house learning content (within the Binnacle Lounge). ● Assessment activities to be completed online (within the Binnacle Lounge). ● Assessment activities and projects to be completed in the classroom and/or student-led environment. ● Participation in an Industry Discovery – at a Tourism-related workplace (a Virtual Industry Discovery will also be provided). <p>This program uses single unit and clustered unit assessment.</p>

Assessment and training will be conducted at the school. Assessment methodologies will vary according to specific requirements of the Units of Competency. A range of methods will be used, including:

- Knowledge quizzes, short answer questions and other project/case study reports.
- Skills demonstrations, reports, documents, observations.
- Simulated assessment environment (Tourism-related industry) – located at the school - for demonstration of skills (practical observations).

Under supervision, students will undertake projects, and plan and deliver a range of services and events to members of the school community (students, teachers, and staff). Some of these projects may involve an 'outside subject timetable' commitment on behalf of the students and the deliverer (supervision).

'VOLUME OF LEARNING' AND 'AMOUNT OF TRAINING'

Volume of Learning (VoL)* per the Australian Qualifications Framework volume of learning indicators:

Certificate II = 0.5 – 1 year (600 – 1200 hours)

Certificate III = 1 – 2 years (1200 – 2400 hours)

** VoL describes how long a learner who does not hold any of the competencies identified in the relevant units of competency or modules would take to develop all of the required skills and knowledge. Further, the VoL includes all teaching, learning and assessment activities that are required to be undertaken by the typical student to achieve the learning outcomes. These activities may include some or all of the following: guided learning (such as classes, lectures, tutorials, online study or self-paced study guides), individual study, research, learning activities in the workplace and assessment activities. (AQF, Volume of Learning).*

Amount of Training (AoT) for this program consists of classroom learning, self-study and practical work-related experience.

Classroom learning = 35 hours (1 study line over 1 Term – 3.5 hours x 10 weeks).

There is also an element of self-study (formative activities scheduled for students to undertake outside of class time). These activities are used by students to enhance their understanding of the content and are undertaken prior to assessment for that particular module or topic of study. Across this 1 Term program, Binnacle has devoted an additional 70 minutes per week (the equivalent of one additional lesson per week) for these formative activities.

Self-Study (Formative Activities) Hours = 12 hours (i.e. 1.17 hours x 10 weeks)

TOTAL AMOUNT OF TRAINING (AoT) = 47 hours (35 + 12)

Binnacle rationalises the VoL hours gap by:

- Students entering the subject with a large base of foundational skills and knowledge from prior and concurrent learning (e.g. Years 8-10 Business and other volunteer/work-related history of each student).
- There is a large amount of overlap (clustering) of units across the terms.
- There is an element of self-study that students may undertake to deepen their own understanding of the content.

Learning and Assessment Arrangements

ORGANISATION

The program will be delivered through class-based tasks as well as both simulated and real business environments at the school - involving the delivery of a range of services and events to customers within the school community (students, teachers and staff).

A range of teaching and learning strategies will be used to deliver the competencies. These include:

- Practical tasks
- Range of hands-on activities including customer interactions
- Group work
- Projects within the school (minimum of one different project per school term)
- Practical experience within the school and outside of the school

	Evidence contributing towards each competency will be collected throughout the program. This evidence will be used to make judgements of competency that are aligned with, and reflect, the requirements of each unit of competency.

Learning and Assessment Arrangements	<p><u>LANGUAGE, LITERACY AND NUMERACY ASSISTANCE</u></p> <p>Support is available to all students and can be organised - through the deliverer - on a case-by-case and as needed basis throughout the program.</p> <p>‘Reasonable adjustment’ is offered for most assessment items. This is indicated in the assessment table at the top of each assessment and is allocated based on the unit of competency requirements.</p>
---	--

Learning and Assessment Arrangements	<p><u>OPPORTUNITY FOR RPL AND CREDIT TRANSFER</u></p> <p>Recognition of Prior Learning (RPL) is an assessment process that evaluates an individual’s informal learning to determine the extent to which that individual has achieved the required competency outcomes.</p> <p>Credit Transfer is applying credit for a unit of competency that has previously been completed (successfully) by a student. Credit Transfer is offered both at enrolment and throughout the training program. A verified copy of the student’s Qualification and/or Statement of Attainment listing the units of competency that have previously been completed is required as evidence for Credit Transfer.</p> <p>Both RPL and Credit Transfer are available to students. Due to students being of high school age, usually with limited prior qualifications or work history, students typically undergo a train-to-assess pathway. An RPL assessment pathway will require verifiable evidence of a student’s prior learning (e.g. Statement of Attainment for previously completed superseded units).</p>
